## 2. Understanding your policy

In order to properly understand the significant features and benefits of **your policy**, **you** need to carefully read the following:

- the rest of this Introduction which sets out among other things, how **you** can apply for insurance, details of **your** Duty of Disclosure and important general information about the insurance;
- the terms of cover set out in this **policy wording** including the General Conditions, General Claims Conditions and General Exclusions;
- **your certificate of insurance** that contains specific details relevant to **your policy** and any additional terms specific to **you** and which can affect **your** cover.

This **policy** is not renewable.

## 3. General advice warning

**We** will give **you** factual information about the insurance **we** issue to assist **you** in deciding whether the product is suitable to **you**. **We** will typically provide **you** with general advice. General advice does not take into account **your** specific personal objectives, financial situation or needs. Where **we** provide **you** with general advice, **you** should consider the appropriateness of any information or advice **we** give **you**, having regard to **your** specific personal objectives, financial situation or needs. **You** should also refer to the policy documentation **we** give **you** (including this **policy wording**) before deciding whether to purchase the insurance.

## 4. Words with specific meaning

In this **policy wording** there are words with a specific meaning. **We** have made these words bold. The meaning of these words for the purposes of this **policy wording** is set out in the Definitions at the end of this **policy wording**

## 5. Headings

Headings in this document have been included for ease of reference. This **policy wording** is not to be construed or interpreted by reference to headings.

## 6. Singular versus plural

A word which denotes the singular includes the plural and vice versa.

## 7. Applying for insurance

To apply for insurance, **you** must complete **our** Stud Stock proposal Form and include the purchase price and the

level of cover for the **Stud Stock** you want to insure.

Following receipt of the completed **Stud Stock** proposal form, if **we** agree to provide cover, **we** will issue you with a **certificate of insurance**. You need to read it carefully and again check that the details are correct to ensure you are happy with **your policy**. You should keep **your policy** documents in a safe place.

## 8. Duty of Disclosure

Before you enter into an insurance contract, you have a duty of disclosure under the Insurance Contracts Act 1984 (Cth) to tell us anything that you know, or could reasonably be expected to know, that may affect our decision to insure you and on what terms.

You have this duty until we agree to insure you. You have the same duty before you, extend, vary or reinstate an insurance contract.

## 9. Who needs to tell us

Everyone who is noted on your certificate of insurance as an insured must comply with the Duty of Disclosure. If you provide information on behalf of another person named on the certificate of insurance, you must include in your answers to our questions everything that they know, and that a similar person in the circumstances would include in answering the questions. We will treat the information as if that other person had provided that information to us.

## 10. What you do not need to tell us

You do not need to tell us about any matter that:

- diminishes our risk;
- is of common knowledge;
- we know or should have known in the ordinary course of our business as an insurer; or
- we indicate we do not need to know.

## 11. If you do not comply with the Duty of Disclosure

If you do not comply with the Duty of Disclosure, we may reduce the claim amount, or cancel the policy (or both). If your failure to comply is fraudulent, we may refuse to pay a claim and treat the policy as if it never existed.

## 12. Duty of Utmost Good Faith

The law requires you, any third-party beneficiary under your policy and us to act towards each other with utmost good faith, fairly, openly and honestly in respect of any matters arising under your policy.

## 13. GST input credits

Where we make a payment under your policy for the acquisition of goods, services or other supplies, we will reduce the amount of the payment by the amount of any input tax credit that you are, or would be entitled to under A New Tax System (Goods and Services Tax) Act 1999 (Cth) in relation to the acquisition, whether or not the acquisition is actually made.

Where we make a payment under your policy as compensation instead of payment for the acquisition of goods, services or other supplies, we will reduce the amount of the payment by the amount of any input tax credit that you would have been entitled to under A New Tax System (Goods and Services Tax) Act 1999 (Cth) had the payment been applied to acquire such goods, services or other supply.

If you do not disclose or if you understate your entitlement, you may be liable for GST on settlement of the claim. We do not insure nor are we liable for this GST liability or for any fine, penalty or charge for which you may be liable for.

#### 14. When you can cancel your policy

**You** can cancel **your policy** at any time by writing to **us** requesting cancellation. **We** will refund the **total premium** paid by **you** less a pro-rata proportion to cover the period for which **you** were insured, and any federal, state or territory government taxes and levies **we** cannot recover.

#### 15. When we can cancel your policy

**We** can cancel **your** policy on any grounds set out in the Insurance Contracts Act 1984, by giving **you** notice in writing. Cancellation takes place at the time **you** enter into another contract of insurance intended to replace this policy, or at 4.00 pm on the 3rd day after the delivery of the notice to **you**, whichever is earlier. **We** will refund the premium paid for the unexpired term of this policy.

#### 16. Feedback and complaints

**We** take any complaint made about **our** products or services seriously and deal with in in a fair, transparent and timely manner with no charge to **you**. If unresolved after talking to **us**, **your** complaint will be deemed a dispute and entered into **our** Internal Dispute Resolution (IDR) System. It will be reviewed by a designated IDR Officer of Achmea with the appropriate experience, knowledge and authority to provide **you** an outcome within 15 business days.
